FINAL
 Approved as shown prepared for the [Name] [Address] [City, Tennessee]
 as being suitable for recording in the [County] [State] Public Records.
 Prior to any construction of a structure, utility or pavement, the owner of the land should
 consult the local health department and a local health department engineer for the most appropriate
 location and design of a structure, utility or pavement. The Division of Environmental Health
 Services, State of Tennessee, is the authority on the location and design of a structure, utility or
 pavement. Any utility, piping or structure of this kind and construction, that is not
 approved by the local health department, may be subject to removal or other action.
